

# STROKE INFORMATION CARD

## NORTHWEST HIGH LEVEL

### Why a Stroke Information Card?

The *Stroke Information Card* provides information about the key determinants of successful community re-engagement following a stroke and the types of community services available in Northwest High Level for stroke survivors and their families. Family physicians are often the only health care providers involved throughout the recovery process and continuum of care. By providing relevant information at the time it is needed, family physicians and other healthcare professionals can help to maximize a person's satisfaction with life after stroke.

### FACTORS TO CONSIDER FOR A SUCCESSFUL COMMUNITY RE-ENGAGEMENT

COMMUNITY INVOLVEMENT	PSYCHOSOCIAL FUNCTIONING	VOCATIONAL & AVOCATIONAL
<ul style="list-style-type: none"> <li>▪ Transportation Services</li> <li>▪ Mobility Aids</li> <li>▪ Driving Assessment</li> <li>▪ Communication Aids</li> </ul> <p>Age appropriate:</p> <ul style="list-style-type: none"> <li>▪ Recreational Programs</li> <li>▪ Volunteer Activities</li> <li>▪ Peer Support Groups</li> </ul>	<ul style="list-style-type: none"> <li>▪ Home support services</li> <li>▪ Supportive relationships with family &amp; friends</li> <li>▪ Positive outlook: wellness focus</li> <li>▪ Resumption of activities</li> <li>▪ Healthy lifestyle: nutrition, exercise</li> <li>▪ Knowledge of financial support programs</li> <li>▪ Caregivers educated about care needs</li> <li>▪ Caregivers aware of respite services</li> </ul>	<ul style="list-style-type: none"> <li>▪ Able to return to work</li> <li>▪ Employer supports modified work environment or schedule</li> <li>▪ Access to vocational counseling</li> <li>▪ Access to support in educational setting</li> <li>▪ Involved in productive &amp; meaningful activities as alternative to paid employment</li> </ul>

### ASK ABOUT

<ul style="list-style-type: none"> <li>▪ Availability of home support services</li> <li>▪ Access to the community</li> <li>▪ Participation in recreational &amp; community activities</li> <li>▪ Mood changes</li> </ul>	<ul style="list-style-type: none"> <li>▪ Quality of relationships with family &amp; friends</li> <li>▪ Financial strain</li> <li>▪ Vocational situation</li> <li>▪ Lifestyle</li> <li>▪ Caregiver stress &amp; burnout</li> <li>▪ Modifiable risk factors</li> </ul>
