

STROKE INFORMATION CARD

Beaverlodge, Fairview, Fox Creek, Grande Cache, Grande Prairie, Grimshaw, High Prairie, Manning, McLennan, Peace River, Spirit River, Valleyview, Worsley.

Why a Stroke Information Card?

- The *Stroke Information Card* provides information on the types of community services available.
- Family physicians are often the only health care providers involved throughout the recovery process and continuum of care. By providing relevant information at the time it is needed, family physicians and other healthcare professionals can help to maximize a person's satisfaction with life after stroke.
